Pakistan is a developing country where healthcare infrastructure and system is unsatisfactory. Our country stands at 130th place in terms of life expectancy. Hospital beds (per 1,000 people) is 0.60. Non-communicable diseases contribute 56.4 % of total deaths. Only 2.75% of total GDP is spent on healthcare whereas the rest of the world spends 10.02%.

Kulsum Healthcare Foundation is dedicated to provide healthcare services to poor and unfortunate members of the society with an aim to relieve their sufferings.

Objectives:

1. To provide healthcare services to poor and needy patients and support the unfortunate ones who are compelled to stay for long periods in the hospital due to complications.
2. To provide medical assistance in areas affected by natural calamities through establishing multiple healthcare facilities.
3. To establish the medical camps in the areas of under-served population.

Please give your donations and Zakat to Kulsum Healthcare Foundation to achieve its objectives and relieve sufferings of under-privileged.
